The battle is nearly over. Never in the history of Van Buren county has such a strenuous local option campaign been waged. The brewers and distillers have made a determined effort to create sentiment in favor of the open saloon. They have had an unlimited amount of money back of them, but not one single legitimate argument has been advanced that would cause any thinking man to favor the saloon. There is no argument for a saloon. On the other hand the local option forces have been exceedingly busy. The county committee has been busy night and day, and the county has been covered with speakers. From all reports it is confidently expected that when the votes are counted next Monday night there will be a larger majority than ever before in Van Buren county registered against the open saloon and its attendant evils.

You know what the saloon stands for. Knowing this, are you willing to stand for the saloon? That is the question that you will have to face when you enter the voting booth on April 4. It is not a question of politics. It is not a question of parties. It is not a question as to the men you want to see elected to office. It is not a question of drug stores or drinking. Those are separate questions and must be settled by themselves. The question before you now is "Shall the manufacture and sale of intoxicating liquor be prohibited in this county?" Manhood, morality, citizenship, patriotism, humanity—all appeal to you to place your X in the square for "Yes."

It is not true, as has been stated by representatives of the saloon interests, that the local option law gives any officers the privilege of searching private residences. The law specially provides that no warrant shall be issued to search a house unless some part of the residence is used as a store or shop or hotel or unless such residence is a place of public resort.

THE voters of Paw Paw will have five ballots to mark next Monday. The local option ballot, amendment relative to nomination of circuit judges, two electric railway franchise ballots and the township ticket. Vote "Yes" on all of the first four mentioned.

FOR or against the saloon. That is the single issue to be disposed of at the coming April election so far as the local option campaign is concerned.

Don't forget that your vote in opposition to the saloon is to be expressed by voting "Yes." The question it will assist in deciding is as to whether the saloon shall be prohibited. It should be, it will be. Vote "Yes."

Don't neglect to enroll Monday. Remember that this will be the last opportunity to enroll before the primaries next September. To participate in the primaries you must be enrolled.

No voter should stay at home next Monday. Don't think that your vote may not be needed. It is the duty of every citizen to be at the polls next Monday.

THE board of registration will be in session Saturday at the township clerk's office.

If you vote "Yes" on April 4, you vote for happy homes and more of them.

REGISTER Saturday.

ENROLL Monday.

VOTE Monday.

VOTE "Yes."

ADDRESSED LARGE AUDIENCE

Continued from Page 1.

He closed with a plea to keep the saloons out of the county as a matter of county pride, if for nothing else. He said that we had not had an open saloon for 20 years; that there was no good reason for their return; that the money paid by the saloon keeper for his license came in the end from the pockets of those who could ill afford to pay out their money for something which did them no good, but a great deal of harm; that the saving, if it could be called a saving, in the county taxes with 20 saloons would only amount to 30 cents on each thousand dollars assessed valuation, and that it was hardly worth while to risk one of Van Buren county's bright boys becoming a drunkard for the small sum of 30 cents per thousand dollars; that we could not afford to take a step backward; that the movement should go forward; that the watchword of the liquor interests of the state was "Get Van Buren;" that they would rather have Van Buren go wet than any 10 counties in the state. He said that talking would not do the business, although it was a means to an end, but that personal work and votes would bring the desired results; that every mother, wife, minister of the Gospel and Christian expected, in the language of the old English admiral, that every good citizen in Van Buren county will do his duty on election day, and predicted, if they did, Van Buren county would roll up such a majority against the saloons that they would never show themselves again.

One Doctor—Only One

No sense in running from one doctor to another! Select the best one, then stand by him. No sense either in trying this thing, that thing, for your cough. Carefully, deliberately select the best cough medicine, then take it. Stick to it. Ask your doctor about Ayer's Cherry Pectoral for throat and lung troubles. Sold for nearly seventy years. No alcohol in this cough medicine. J.C. Ayer Co., Lowell, Mass.

Why try this thing, that thing, for your constipation? Why not stick to the good old reliable family laxative—Ayer's Pills? Ask your doctor if he approves this advice.
